During the course of the February 11, 2020 Common Council meeting at approximately 6:53 p.m. the audio discontinued to function during Agenda Item number, "iv. Wisconsin Department of Transportation (WDOT)..." This conversation continued by Council uninterrupted, the battery was changed and the recording continued at approximately 7:00 p.m., while the Council was still focused on the WDOT agenda item with the reconstruction of State Highway 37 scheduled for 2025. This Common Council believes this agenda item is important to the City's economy and the public, and is a priority to save what parking is there to be able to continue in the future.

Sincerely,

Bradley J. Hanson
City Administrator/Clerk
