## **CORONAVIRUS MEETING AGENDA**

**(Do not panic)**

- White House one-hour noon conference call briefing Wednesday, March 11, 2020 summary:
  - Next two weeks 250,000 Americans returning from cruises
  - Keep cleaning hands
  - Young & healthy mild or no symptoms
  - Less than 1% (0.85%) of the total population infected result in fatality – specifically almost 50% of 65+ or chronically ill result in fatalities
  - Avoid seniors above 65 years of age and older and chronic health condition individuals for up to 2 weeks after your first shown symptom
  - School grants to assist with disinfection
  - Economic impact injury related to illness are eligible for low interest recovery loans
- CDC: <https://www.cdc.gov/coronavirus/2019-ncov/index.html>
- WI: <https://www.dhs.wisconsin.gov/disease/covid-19.htm>
- Many resources and plenty of information
- Best practices for business, school, business, & elderly care
- Summary attachment
- Ability to respond & facility plans: where do you need assistance and with what?
- ACTION PLAN
- Logistics: transportation needs City staff available to assist if necessary
- Personal Protective Equipment for EMS Responders
  - Resources are limited – price gougers
  -
- Prepare daily
- Census data: how many staff; and residents within your property?
- Testing
  - Once it begins those infected rises dramatically, but this is just due to more awareness as more are tested
  - Prior to a positive test self-quarantine if you believe you have this or the flu
- Strong united community – we are in this together, if you are strapped for resources reach out, communicate, assist, and where possible please share resources (PPE) with one another. We can worry about compensation at a later time.
