Bradley Hanson, City Administrator
City of Mondovi
156 South Franklin St.
Mondovi, WI 54755

Mr. Hanson:

Xcel Energy has been a longtime electric power provider and community partner with the City of Mondovi. We are pleased to support the city's application for funding from the Better Utilizing Investments to Leverage Development (BUILD) grant program through the Department of Transportation to support multimodal transportation infrastructure improvements in the community.

The City of Mondovi has made significant strides in improving the community's appearance and transportation needs through a vision of "Making Mondovi Majestic," as stated by the Park Board of Commissions. The city's endeavor to improve sidewalks, trails and roadways will enhance the business environment and provide safe connectivity for all residents to enjoy.

We support the City of Mondovi's BUILD grant application and look forward to working with you as plans develop.

Sincerely,
